Michigan Critical Incident Management System (MI CIMS)

The MI CIMS Training Video Series is now available! Quarterly exercises are offered to any user to ensure they are prepared for any emergency.

MI CIMS Quarterly Exercises

Since the launch of the MI CIMS Training Video Series, designed to help us improve our system.

MI CIMS Training

The MI CIMS State and Local End User Manuals have been updated to reflect the "MI CIMS User Documents".

The newly upgraded Resource Request / Task Assignment board is now live and ready for use. The new board, new side panel feature that allows quick access to relevant documents within each resource request.

The MI CIMS State and Local End User Manuals have been updated to reflect the changes. The EM Program Status and Damage Assessment boards have been upgraded and will not be visible on the new upgraded boards. Users must go to the Michigan Critical Incident Management System (MI CIMS) website if you identify any issues with the upgraded boards.

c) The screen displays all records, sortable by each field. It can be filtered by "Region" and/or "Status" via dropdowns in the upper left of the window.
